PREFACE

HON. J. L. ILSLEY, M.P.,

Minister of National Revenue.

SIR,—I have the honour to hand you the Annual Report of the Department of National Revenue (Customs Division), containing Accounts of Revenue with statements of Imports and Exports of the Dominion of Canada for the fiscal year ended March 31, 1938.

Your obedient servant,

H. D. SCULLY,

Commissioner of Customs.

OTTAWA, June 30, 1938.

PREFACE

The Act respecting the Department of National Revenue contains the following provisions with regard to the annual report of the department (Section 5):—

“The Minister shall each year make a report to the Governor General, of the transactions and affairs of the department during the year then last preceding, which shall be laid before Parliament within fifteen days after the next meeting thereof.”

The unrevised monthly statements of imports and exports, prepared and published under the direction of the Department of Customs from July 1, 1900, ceased to be published by this Department since March 1918.

Detailed statements, however, showing the quantity, value, and origin of imports and the quantity, value and destination of exports, continue to be prepared and furnished monthly by the Department of Customs from April 1, 1918, for publication by the Dominion Bureau of Statistics.

Trade statistics classified by countries, with other details, compiled from Customs returns, are now published by the Dominion Bureau of Statistics.

Part I of this report contains tables and statements relative to the Customs.

Part II of this report contains tables and statements relative to Excise.

Part III of this report contains tables relative to Income Taxes.

PLAISE À VOTRE EXCELLENCE:

J'ai l'honneur de soumettre à Votre Excellence le rapport annuel du ministère du Revenu National, contenant tableaux et états relatifs aux importations, exportations, accise et impôts sur le revenu du Dominion du Canada, pour l'année financière terminée le 31 mars 1938, tel que compilé d'après les comptes rendus officiels.

HON. J.-L. ILSLEY, M.P.,
Ministre du Revenu national.

MONSIEUR,

J'ai l'honneur de vous soumettre le rapport annuel du ministère du Revenu national (Service des douanes), contenant états du revenu et des importations et exportations du Dominion du Canada, pour l'année financière terminée le 31 mars 1938.

J'ai l'honneur d'être
Monsieur,
Votre obéissant serviteur,

H. D. SCULLY,
Commissaire des Douanes.

OTTAWA, le 30 juin 1938.

PRÉFACE

La loi concernant le ministère du Revenu national contient les dispositions suivantes au sujet du rapport annuel du ministère (Article 3):—

«Le ministre doit, tous les ans, soumettre au Gouverneur général un compte rendu et un état des opérations et affaires du ministère pour l'exercice immédiatement précédent, compte rendu qui doit être déposé devant le Parlement dans les quinze jours de la réunion de celui-ci».

Depuis mars 1918, notre ministère ne publie plus les résultats mensuels non révisés des importations et exportations que l'on préparait et publiait sous la direction du ministère des Douanes, depuis le 1er juillet 1900.

Mais le ministère des Douanes continue de préparer des états détaillés indiquant la quantité, la valeur et l'origine des importations, la quantité, la valeur et la destination des exportations, états qu'il fournit tous les mois au Bureau Fédéral de la Statistique, pour la publication, depuis le 1er avril 1918.

Le Bureau Fédéral de la Statistique publie maintenant des statistiques du commerce classifiées par pays, avec d'autres détails compilés d'après les rapports des Douanes.

La Partie I de ce rapport annuel contient des tableaux et états relatifs aux douanes.

La Partie II du rapport contient des tableaux et états relatifs à l'accise.

La Partie III du rapport contient des tableaux relatifs à l'impôt sur le revenu.

OTTAWA, June 30, 1939

HON. J. L. ILSLEY, M.P.,
Minister of National Revenue.

SIR,—I have the honour to hand you the Annual Report of the Department of National Revenue (Customs Division), containing Accounts of Revenue with statements of Imports and Exports of the Dominion of Canada for the fiscal year ended March 31, 1939.

Your obedient servant,

H. D. SCULLY,
Commissioner of Customs.

OTTAWA, June 30, 1939.

PREFACE

The Act respecting the Department of National Revenue contains the following provisions with regard to the annual report of the department (Section 5):—

“The Minister shall each year make a report to the Governor General, of the transactions and affairs of the department during the year then last preceding, which shall be laid before Parliament within fifteen days after the next meeting thereof.”

The unrevised monthly statements of imports and exports, prepared and published under the direction of the Department of Customs from July 1, 1900, ceased to be published by this Department since March 1918.

Detailed statements, however, showing the quantity, value, and origin of imports and the quantity, value and destination of exports, continue to be prepared and furnished monthly by the Department of Customs from April 1, 1918, for publication by the Dominion Bureau of Statistics.

Trade statistics classified by countries, with other details, compiled from Customs returns, are now published by the Dominion Bureau of Statistics.

Part I of this report contains tables and statements relative to the Customs

Part II of this report contains tables and statements relative to Excise.

Part III of this report contains tables relative to Income Taxes.

MONSIEUR,

J'ai l'honneur de vous soumettre le rapport annuel du ministère du Revenu national (Service des douanes), contenant états du revenu et des importations et exportations du Dominion du Canada, pour l'année financière terminée le 31 mars 1939.

J'ai l'honneur d'être

OTTAWA, le 30 juin 1939.

PRÉFACE

La loi concernant le ministère du Revenu national contient les dispositions suivantes au sujet du rapport annuel du ministère (Article 3):—

«Le ministre doit, tous les ans, soumettre au Gouverneur général un compte rendu et un état des opérations et affaires du ministère pour l'exercice immédiatement précédent, compte rendu qui doit être déposé devant le Parlement dans les quinze jours de la réunion de celui-ci».

Depuis mars 1918, notre ministère ne publie plus les résultats mensuels non révisés des importations et exportations que l'on préparait et publiait sous la direction du ministère des Douanes, depuis le 1er juillet 1900.

Mais le ministère des Douanes continue de préparer des états détaillés indiquant la quantité, la valeur et l'origine des importations, la quantité, la valeur et la destination des exportations, états qu'il fournit tous les mois au Bureau Fédéral de la Statistique, pour la publication, depuis le 1er avril 1918.

Le Bureau Fédéral de la Statistique publie maintenant des statistiques du commerce classifiées par pays, avec d'autres détails compilés d'après les rapports des Douanes.

La Partie I de ce rapport annuel contient des tableaux et états relatifs aux douanes.

La Partie II du rapport contient des tableaux et états relatifs à l'accise.

La Partie III du rapport contient des tableaux relatifs à l'impôt sur le revenu.

PREFACE

The Act respecting the Department of National Revenue contains the following provisions with regard to the annual report of the department (Section 5):—

“The Minister shall each year make a report to the Governor General, of the transactions and affairs of the department during the year then last preceding, which shall be laid before Parliament within fifteen days after the next meeting thereof.”

Trade statistics classified by countries, with other details, compiled from Customs returns, are now published by the Dominion Bureau of Statistics.

Part I of this report contains tables and statements relative to Customs.

Part II of this report contains tables and statements relative to Excise.

Le tout vous est respectueusement soumis.

J.-L. ILSLEY,

OTTAWA, le 30 juin 1940.

L'honorable J.-L. ILSLEY, M.P.,
Ministre du revenu national.

MONSIEUR,—J'ai l'honneur de vous remettre le rapport annuel du Ministère du revenu national (Service des douanes), renfermant les comptes rendus des revenus pour l'année financière terminée le 31 mars 1940.

Les tableaux et les relevés complets de la valeur des importations et des exportations, qui figuraient antérieurement dans ce rapport, ont été laissés de côté, vu qu'ils se trouvent maintenant compris dans le rapport annuel de la Division du commerce extérieur de l'Office fédéral de la Statistique.

Votre obéissant serviteur,

H.-D. SCULLY,

OTTAWA, le 30 juin 1940.

PRÉFACE

La loi concernant le ministère du Revenu national contient les dispositions suivantes au sujet du rapport annuel du ministère (Article 3):—

«Le ministre doit, tous les ans, soumettre au Gouverneur général un compte rendu et un état des opérations et affaires du ministère pour l'exercice immédiatement précédent, compte rendu qui doit être déposé devant le Parlement dans les quinze jours de la réunion de celui-ci».

Depuis mars 1918, notre ministère ne publie plus les résultats mensuels non révisés des importations et exportations que l'on préparait et publiait sous la direction du ministère des Douanes, depuis le 1er juillet 1900.

Mais le ministère des Douanes continue de préparer des états détaillés indiquant la quantité, la valeur et l'origine des importations, la quantité, la valeur et la destination des exportations, états qu'il fournit tous les mois au Bureau Fédéral de la Statistique, pour la publication, depuis le 1er avril 1918.

Le Bureau Fédéral de la Statistique publie maintenant des statistiques du commerce classifiées par pays, avec d'autres détails compilés d'après les rapports des Douanes.

La Partie I de ce rapport annuel contient des tableaux et états relatifs aux douanes.

La Partie II du rapport contient des tableaux et états relatifs à l'accise.

La Partie III du rapport contient des tableaux relatifs à l'impôt sur le revenu.

PREFACE

The Act respecting the Department of National Revenue contains the following provisions with regard to the annual report of the department (Section 5):—

“The Minister shall each year make a report to the Governor General, of the transactions and affairs of the department during the year then last preceding, which shall be laid before Parliament within fifteen days after the next meeting thereof.”

The unrevised monthly statements of imports and exports, prepared and published under the direction of the Department of Customs from July 1, 1900, ceased to be published by this Department since March, 1918.

Detailed statements, however, showing the quantity, value, and origin of imports and the quantity, value and destination of exports, continue to be prepared and furnished monthly by the Department of Customs from April 1, 1918, for publication by the Dominion Bureau of Statistics.

Trade statistics classified by countries, with other details, compiled from Customs returns, are now published by the Dominion Bureau of Statistics.

Part I of this report contains tables and statements relative to Customs.

Part II of this report contains tables and statements relative to Excise.

Part III of this report contains tables relative to Income Taxes.

PLAISE À VOTRE EXCELLENCE:

Le soussigné a l'honneur de présenter à Votre Excellence le rapport annuel du Ministère du revenu national, renfermant des tableaux et des relevés relatifs aux douanes, à l'accise et à l'impôt sur le revenu, du Dominion du Canada, pour l'année financière terminée le 31 mars 1941, et compilé d'après les comptes rendus officiels.

Le tout vous est respectueusement soumis.

C. W. G. GIBSON,

OTTAWA, le 30 juin 1941.

LE COL. L'honorable C. W. G. GIBSON, C.R., M.P.,
Ministre du revenu national.

MONSIEUR,—J'ai l'honneur de vous remettre le rapport annuel du Ministère du revenu national (Service des douanes), renfermant les comptes rendus des revenus pour l'année financière terminée le 31 mars 1941.

Les tableaux et les relevés complets de la valeur des importations et des exportations, qui figuraient antérieurement dans ce rapport, ont été laissés de côté, vu qu'ils se trouvent maintenant compris dans le rapport annuel de la Division du commerce extérieur de l'Office fédéral de la Statistique.

Votre obéissant serviteur,

H.-D. SCULLY,
Commissaire des douanes.

OTTAWA, le 30 juin 1941.

PRÉFACE

La loi concernant le ministère du Revenu national contient les dispositions suivantes au sujet du rapport annuel du ministère (Article 3):—

«Le ministre doit, tous les ans, soumettre au Gouverneur général un compte rendu et un état des opérations et affaires du ministère pour l'exercice immédiatement précédent, compte rendu qui doit être déposé devant le Parlement dans les quinze jours de la réunion de celui-ci».

Depuis mars 1918, notre ministère ne publie plus les résultats mensuels non revisés des importations et exportations que l'on préparait et publiait sous la direction du ministère des Douanes, depuis le 1er juillet 1900.

Mais le ministère des Douanes continue de préparer des états détaillés indiquant la quantité, la valeur et l'origine des importations, la quantité, la valeur et la destination des exportations, états qu'il fournit tous les mois au Bureau Fédéral de la Statistique, pour la publication, depuis le 1er avril 1918.

Le Bureau Fédéral de la Statistique publie maintenant des statistiques du commerce classifiées par pays, avec d'autres détails compilés d'après les rapports des Douanes.

La Partie I de ce rapport annuel contient des tableaux et états relatifs aux douanes.

SIR,—I have the honour to hand you the Annual Report of the Department of National Revenue (Customs Division), containing Accounts of Revenue for the fiscal year ended March 31, 1942.

The complete tables and statements of the value of Imports and Exports previously shown in this report have been dropped, since these are now included in the Annual Report of the External Trade Branch of the Dominion Bureau of Statistics.

Your obedient servant,

H. D. SCULLY,
Commissioner of Customs.

OTTAWA, June 30, 1942.

PREFACE

The Act respecting the Department of National Revenue contains the following provisions with regard to the annual report of the department (Section 5):—

“The Minister shall each year make a report to the Governor General, of the transactions and affairs of the department during the year then last preceding, which shall be laid before Parliament within fifteen days after the next meeting thereof.”

The unrevised monthly statements of imports and exports, prepared and published under the direction of the Department of Customs from July 1, 1900, ceased to be published by this Department since March, 1918.

Detailed statements, however, showing the quantity, value, and origin of imports and the quantity, value and destination of exports, continue to be prepared and furnished monthly by the Department of Customs from April 1, 1918, for publication by the Dominion Bureau of Statistics.

Trade statistics classified by countries, with other details, compiled from Customs returns, are now published by the Dominion Bureau of Statistics.

Part I of this report contains tables and statements relative to Customs.

Part II of this report contains tables and statements relative to Excise.

Part III of this report contains tables relative to Income Taxes.

PLAISE À VOTRE EXCELLENCE:

Le soussigné a l'honneur de présenter à Votre Excellence le rapport annuel du Ministère du revenu national, renfermant des tableaux et des relevés relatifs aux douanes, à l'accise et à l'impôt sur le revenu, du Dominion du Canada, pour l'année financière terminée le 31 mars 1942, et compilé d'après les comptes rendus officiels.

Le tout vous est respectueusement soumis.

C. W. G. GIBSON,

OTTAWA, le 30 juin 1942.

LE COL. L'honorable C. W. G. GIBSON, C.R., M.P.,
Ministre du revenu national.

MONSIEUR,—J'ai l'honneur de vous remettre le rapport annuel du Ministère du revenu national (Service des douanes), renfermant les comptes rendus des revenus pour l'année financière terminée le 31 mars 1942.

Les tableaux et les relevés complets de la valeur des importations et des exportations, qui figuraient antérieurement dans ce rapport, ont été laissés de côté, vu qu'ils se trouvent maintenant compris dans le rapport annuel de la Division du commerce extérieur de l'Office fédéral de la Statistique.

Votre obéissant serviteur,

H.-D. SCULLY,
Commissaire des douanes.

OTTAWA, le 30 juin 1942.

PRÉFACE

La loi concernant le ministère du Revenu national contient les dispositions suivantes au sujet du rapport annuel du ministère (Article 3):—

«Le ministre doit, tous les ans, soumettre au Gouverneur général un compte rendu et un état des opérations et affaires du ministère pour l'exercice immédiatement précédent, compte rendu qui doit être déposé devant le Parlement dans les quinze jours de la réunion de celui-ci».

Depuis mars 1918, notre ministère ne publie plus les résultats mensuels non révisés des importations et exportations que l'on préparait et publiait sous la direction du ministère des Douanes, depuis le 1er juillet 1900.

Mais le ministère des Douanes continue de préparer des états détaillés indiquant la quantité, la valeur et l'origine des importations, la quantité, la valeur et la destination des exportations, états qu'il fournit tous les mois au Bureau Fédéral de la Statistique, pour la publication, depuis le 1er avril 1918.

Le Bureau Fédéral de la Statistique publie maintenant des statistiques du commerce classifiées par pays, avec d'autres détails compilés d'après les rapports des Douanes.

La Partie I de ce rapport annuel contient des tableaux et états relatifs aux douanes.

La Partie II du rapport contient des tableaux et états relatifs à l'accise.

La Partie III du rapport contient des tableaux relatifs à l'impôt sur le revenu.

SIR,—I have the honour to hand you the Annual Report of the Department of National Revenue (Customs Division), containing Accounts of Revenue for the fiscal year ended March 31, 1943.

Your obedient servant,

DAVID SIM,
Acting Commissioner of Customs.

OTTAWA, June 30, 1943.

PREFACE

The Act respecting the Department of National Revenue contains the following provisions with regard to the annual report of the department (Section 5):—

“The Minister shall each year make a report to the Governor General, of the transactions and affairs of the department during the year then last preceding, which shall be laid before Parliament within fifteen days after the next meeting thereof.”

The unrevised monthly statements of imports and exports, prepared and published under the direction of the Department of Customs from July 1, 1900, ceased to be published by this Department since March, 1918.

Detailed statements, however, showing the quantity, value, and origin of imports and the quantity, value and destination of exports, continue to be prepared and furnished monthly by the Department of Customs from April 1, 1918, for publication by the Dominion Bureau of Statistics.

Trade statistics classified by countries, with other details, compiled from Customs returns, are now published by the Dominion Bureau of Statistics.

Part I of this report contains tables and statements relative to Customs.

Part II of this report contains tables and statements relative to Excise.

Part III of this report contains tables relative to Income Taxes.

LE COL. L'honorable C. W. G. GIBSON, C.R., M.P.,

MONSIEUR,—J'ai l'honneur de vous remettre le rapport annuel du Ministère du revenu national (Service des douanes), renfermant les comptes rendus des revenus pour l'année financière terminée le 31 mars 1943.

Votre obéissant serviteur,

OTTAWA, le 30 juin 1943.

PRÉFACE

La loi concernant le ministère du Revenu national contient les dispositions suivantes au sujet du rapport annuel du ministère (Article 3):—

«Le ministre doit, tous les ans, soumettre au Gouverneur général un compte rendu et un état des opérations et affaires du ministère pour l'exercice immédiatement précédent, compte rendu qui doit être déposé devant le Parlement dans les quinze jours de la réunion de celui-ci».

Depuis mars 1918, notre ministère ne publie plus les résultats mensuels non révisés des importations et exportations que l'on préparait et publiait sous la direction du ministère des Douanes, depuis le 1er juillet 1900.

Mais le ministère des Douanes continue de préparer des états détaillés indiquant la quantité, la valeur et l'origine des importations, la quantité, la valeur et la destination des exportations, états qu'il fournit tous les mois au Bureau Fédéral de la Statistique, pour la publication, depuis le 1er avril 1918.

Le Bureau Fédéral de la Statistique publie maintenant des statistiques du commerce classifiées par pays, avec d'autres détails compilés d'après les rapports des Douanes.

La Partie I de ce rapport annuel contient des tableaux et états relatifs aux douanes.

La Partie II du rapport contient des tableaux et états relatifs à l'accise.

La Partie III du rapport contient des tableaux relatifs à l'impôt sur le revenu.

SIR,—I have the honour to hand you the Annual Report of the Department of National Revenue (Customs Division), containing Accounts of Revenue for the fiscal year ended March 31, 1944.

Your obedient servant,

DAVID SIM,
Deputy Minister.

OTTAWA, June 30, 1944.

PREFACE

The Act respecting the Department of National Revenue contains the following provisions with regard to the annual report of the department (Section 5):—

“The Minister shall each year make a report to the Governor General, of the transactions and affairs of the department during the year then last preceding, which shall be laid before Parliament within fifteen days after the next meeting thereof.”

The unrevised monthly statements of imports and exports, prepared and published under the direction of the Department of Customs from July 1, 1900, ceased to be published by this Department since March, 1918.

Detailed statements, however, showing the quantity, value, and origin of imports and the quantity, value and destination of exports, continue to be prepared and furnished monthly by the Department of Customs from April 1, 1918, for publication by the Dominion Bureau of Statistics.

Trade statistics classified by countries, with other details, compiled from Customs returns, are now published by the Dominion Bureau of Statistics.

Part I of this report contains tables and statements relative to Customs.

Part II of this report contains tables and statements relative to Excise.

Part III of this report contains tables relative to Income Taxes.

PRÉFACE

La loi concernant le ministère du Revenu national contient les dispositions suivantes au sujet du rapport annuel du ministère (Article 3):—

«Le ministre doit, tous les ans, soumettre au Gouverneur général un compte rendu et un état des opérations et affaires du ministère pour l'exercice immédiatement précédent, compte rendu qui doit être déposé devant le Parlement dans les quinze jours de la réunion de celui-ci».

Depuis mars 1918, notre ministère ne publie plus les résultats mensuels non révisés des importations et exportations que l'on préparait et publiait sous la direction du ministère des Douanes, depuis le 1er juillet 1900.

Mais le ministère des Douanes continue de préparer des états détaillés indiquant la quantité, la valeur et l'origine des importations, la quantité, la valeur et la destination des exportations, états qu'il fournit tous les mois au Bureau Fédéral de la Statistique, pour la publication, depuis le 1er avril 1918.

Le Bureau Fédéral de la Statistique publie maintenant des statistiques du commerce classifiées par pays, avec d'autres détails compilés d'après les rapports des Douanes.

La Partie I de ce rapport annuel contient des tableaux et états relatifs aux douanes.

La Partie II du rapport contient des tableaux et états relatifs à l'accise.

La Partie III du rapport contient des tableaux relatifs à l'impôt sur le revenu.
